THE COMMON COUNCIL

Much Business Done at Monday Night's Meeting.

ALL SORTS OF CLAIMS PRESENTED.

Mary Mitchell Asks for $10,000 Damages—S. S. Purvis's Grievance—Reports of City Officials—Tax Sale Ordered—Many Other Matters.

William Vanamee appeared before the common council, at last night's regular session, calling the attention of that body to the claim of Ed. D. Tompkins, in behalf of the Wallkill Hat Works, filed in December last, for $650 for damages resulting to stock stored in the cellar of the factory on Mill and Harding streets, caused by the backing up and overflowing of the Harding street sewer in the month of August, 1898.

He had scarcely finished his remarks when President Lawrence was served with papers by Howard Starr, representing Thomas Watts, in which the attorney, in behalf of Mary Mitchell, filed a claim for $10,000, for injuries received by falling from a bridge on Wawayanda avenue, June 30, 1899. The city clerk then read several communications in which claims were made as follows:

Thomas A. Mapes for $195, damages caused by backing up of sewer, in property 109 Fulton street.

Horton W. Purdy for $1.50 as the depreciation in the rental value of the property No. 11 Academy avenue, caused by the backing up of sewer. Term—Three months; decrease in rent at $1.50—$1.50.

Also a demand from Harrison Romer for the return of $100 license fee, collected by the city, for permission to conduct a furniture store on North street. The claimant alleges that his is a legitimate business, and that the license exacted was illegal and therefore he should be reimbursed.

The Wallkill Hat Works claim was referred to a special committee, Aldermen Bastian, Gavin, and Gardner, who are to confer with Mr. Tompkins and report at the next regular meeting.

Mr. Mapes' and Mr Purdy's claims went to the auditing committee, while the law committee will investigate the claim of Mr Romer.

The city attorney will investigate the claim filed by Mr. Watts in behalf of Mary Mitchell.

OBJECTS TO SWITCH AND CURVE.

S. S. Purvis, owner of the property No. 30 West Main street, at the corner of Canal, protested against the manner in which the Canal-street switch and curves is being placed in front of his premises. He claimed that the Traction Company, instead of keeping in the centre of the street, as promised in its franchise was relaying its tracks in such a way as to encroach upon his property. He said he had protested to the company, but was told that as the switch and curved rails had already been made according to the measurements on a map accepted by the the council it was too late to change them. The work of relaying the rails and placing the switch is now in progress, and he appealed to the Council for protection to his property. City Engineer Harris explained that when the map was drawn the matter of paving the street had not been discussed, and that it would cost the Traction Company a considerable amount to move its rails to the centre of the street in order to make the curve into Canal street as Mr. Purvis desired it. The plan was discussed at the time and the map drawn and accepted by the Council, and the curves and switches ordered by the receiver of the company. The reason to not changing it now was on account of the delay to the paving work which would ensue were the rails and switches returned for alteration.

TROLLEY ROAD TO BE SOLD.

Mr. Vanamee here interposed with the statement that he had recently procured an order from the Supreme Court for the sale of the road, to take place September 22nd, and he hoped that the road would be in perfect condition by that time, and that the Council would not take any action which would tend to interfere with the perfect working of the system in order that as good a sale as possible could be made.

The matter was finally referred to the Street Committee with power to act. Alderman Wood being ill, Alderman-at-Large Bastian was substituted as a member of the committee.

FIRE DEPARTMENT MATTERS.

The report of Chief Higham concerning the action of the fire companies at their last regular meetings was received and confirmed.

An invitation to participate in the annual parade of the fire department was accepted, and the fire committee was empowered to confer with the chief regarding the entertainment of visiting city officials.

The accident caused by Excelsiors' truck at the corner of Wickham avenue and North street, on Saturday last, resulting in slight injuries to C. Van Inwegen, was officially brought to the notice of the council by a report from the chief and the matter referred to the fire committee.

The city clerk reported receipts for July to the amount of $6,150.22, which had been transferred to the city treasurer.

A communication from the League of American Municipalities was laid on the table for action at the next meeting.

As roof water inspector, Joshua Hirst reported a number of places where owners had not complied with the order to divert such water from sanitary sewers.

As fire inspector, Joshua Hirst reported that he had made the usual inspection and ordered rubbish cleared away where found necessary.

The reports were accepted and ordered filed.

UNPAID TAXES.

The city clerk presented his certificate of unpaid taxes, which shows that the taxes upon 255 parcels of property, amounting to $1,031 90, remain unpaid, and a resolution offered by Alderman Bacon was passed, authorizing the city attorney to advertise such properties for sale unless said taxes are paid on or before Sept. 6.

Crosswalks were ordered as follows: On Wickham avenue, on northeast side of Wisner avenue; on Ogden street, at southwest side of Albert street and northeast side of Prince street.

Alderman Gavin's resolution was passed authorizing the city clerk to advertise for bids for flagging and curbing properties on Monhagen avenue, where owners had failed to comply with orders to flag and curb, the cost of such work to be made a lien upon the properties so benefitted.

The Council passed Alderman Gavin's resolution authorizing the city to borrow from the Orange County Trust and Safe Deposit Company $607.42, with which to pay the Martin Royce judgment, the loan to be repaid to the Trust Company, Sept. 1, 1900, with interest, and the amount to be placed in the next annual budget.

A special meeting of the Council was ordered for Sept. 5, at which time will be designated the several places of registration and voting for the coming election.

Several bills from James Hallock for cleaning vaults were referred back to the Board of Health.

Upon motion of Alderman Gavin, $34 70, the balance in the police fund on June 13, was transferred to the police contingent fund.

The city having performed the work of flagging and curbing upon the properties of W. W. Taylor, on Wickham avenue, at an expense of $58.40, and Mrs. S. Eggleston, on West Hanford street, at an expense of $61.85, it was resolved to notify the said owners or their agents that an opportunity to be heard would be afforded them at the next regular meeting of the Council, September 11, after which said sums unless paid would become liens against the properties.

E. A. Thorpe was notified to curb and flag his sidewalk on Albert street within thirty days.

The report of the assessors upon the Cortland street, Prospect avenue and Beattie avenue sewers was presented to the Council, and the next regular meeting, Sept. 11, was set as the date for hearing grievances in the matter.

The street committee was ordered to investigate the matter of flagging the east side of Montgomery street from the Erie railroad to East Main street and report at the next meeting.

President Lawrence called the attention of the Council to the dangerous condition of the iron gratings in cellarways in the sidewalks on North street, and the matter was referred to the street committee to investigate and report at the next meeting.

After listening to the reports of committees upon several minor affairs, the Council adjourned.

AT RECEIVER'S SALE

Electric Railroad to Be Sold Sept. 22.

ORDER OF SALE GRANTED JULY 27.

Road and All Its Belongings, Including Taylor Farm at Midway, to Be Sold Subject to Mortgages, Receivers' Certificates and City's Lien.

If you want to go into the street railroad business in Middletown now's your chance. All you have to do is to buy the Middletown-Goshen Traction Company's road when it is sold at the Russell House, Sept. 22.

The sale will be made by William B. Royce, the receiver of the company, who was appointed in proceedings brought for its voluntary dissolution. The order of sale was made by Hon. James Fitzgerald, a Justice of the Supreme Court, sitting in New York city, on July 27th. It was granted on the petition of the receiver, through his attorney, William Vanamee.

The order of sale directs that the road and all its equipments, appurtenances and belongings, except books and book accounts and monies in hand and due, shall be sold at public auction to the highest bidder at 2 o'clock in the afternoon of Sept. 22. The sale is to be made subject to $200,000 of bonds issued by the Middletown-Goshen Traction Co. and $75,000 of bonds issued by the Middletown-Bloomingburgh Traction Co., on which there is due and unpaid interest to the amount of $16 500. The sale is also made subject to the city's judgment lien of $3,786 26 for taxes and assessments, to receiver's certificates for $3,000 issued under authority of the court. The issue of $1,000 of these certificates was authorized, last winter, when the receiver was buying snow drifts and the issue of the remaining $2,000 was authorized later to meet the expenses of laying the Canal street switch.

The Taylor farm, of which Midway Park is a part, is also to be sold with the road, subject to a mortgage of $1,500 held by the Middletown Savings Bank, on which some interest is due.

The order of sale directs that the road be sold for cash.

LOST POCKETBOOK FOUND

Had Been Dropped in Gunther's Cafe and Found by an Honest Porter.

Chas. R Miller, of New York is spending his vacation with his father, Josiah W. Miller, of near Midland Lake. Monday young Mr. Miller visited this city and several hours after his arrival discovered that his wallet containing $30 and a return ticket to New York was missing. He mentioned his loss to a friend, who informed him at once where the missing wallet could be recovered. It had been found in one of the rooms in the rear of Jacob Gunther's cafe, by the colored porter, "Tommy" Strong, who handed it over to the head bartender in the absence of Mr. Gunther. "Tommy" was suitably rewarded for his honesty, after Mr Miller had proven his ownership of the lost pocketbook.

PERILS OF THE BALL FIELD.

Two Men Injured by Being Struck by Batted Balls.

Charles Quick, of Pond Eddy, while officiating as umpire in a game of ball between the Port Jervis and Pond Eddy clubs at the latter village, Saturday afternoon, was struck on the head by a batted ball, and sustained a fractured skull and a hemorrhage of the brain. He was removed to the Port Jervis Hospital, where he lies in a precarious condition.

Thomas Davis, of Port Jervis, a spectator at the game, was severely injured by being struck in the groin by a batted ball.

FOR FISHING WITH FLOATS.

Two Goshenites Arrested Charged With Illegal Fishing.

From Our Goshen Correspondent

Two residents of Goshen, one white and one colored, were arrested at Brown's Mills, Friday, on complaint of O. D. Fellows, who has charge of the Anglo-Swiss property there, for illegal fishing with floats. Mr. Fellows came suddenly upon the men while rowing in a boat. He told them that they were liable to arrest and was provoked at their reply to him. He continued up the stream and secured a warrant from Justice Rose, of Rock Tavern, and accompanied by a deputy returned to the spot and arrested the men. They were taken before Squire Jones, of Campbell Hall, who admitted the prisoners to bail and set the time of hearing their case for Thursday next. Upon being released the men at once returned to the stream and fished until night, apparently not much perturbed at their arrest.

Stolen Bicycle Found.

The bicycle belonging to Dan Sayer, of Port Jervis, a nephew of William H. Holden, of Mechanictown, which was stolen, a few weeks ago, when the latter's store was robbed, was found, Monday, near the Back Pond. It was hidden under some brush and the tires had been cut off.

Buried in Hillside.

The funeral of Richard, infant son of Mr. and Mrs. Harry Blauvelt, was held Monday evening. Interment was in Hillside Cemetery, this morning.

REAL ESTATE SALE.

Valuable North Street Property Bought by Pound & Jordan.

A. V. Bonk, real estate agent, has sold for Michael J. Donovan, executor of the late Dr. Charles Collin, the valuable property on the corner of North and Cortland streets, being seventy-five feet front on North street by eighty feet on Cortland street, to Henry S. Pound and I. C. Jordan, who buy the same as an investment and will probably improve it by the erection of a brick block later on. Pound & Jordan are now the owners of three of the corners at the above named streets and have great faith in future developments and value in that section of the city.

A YEAR AGO IN HONOLULU.

Anniversaries in the Lives of Members of Co. I.

One year ago yesterday, August 14th, the members of Company I, First New York Vols., landed in Honolulu. One year ago, to day, they had their first experience of a four and one-half mile tramp in heavy marching order under a tropical sun. One seldom, if ever, hears any member of the company express a desire to repeat the experience.

A Boy's Driving Trip.

Walter H., the young son of W. Nelson Kumpp, returned, this morning, from a five weeks' driving trip, through the eastern part of Orange county. While away he made his headquarters at the Downs' homestead, near Montgomery, taking daily trips through the surrounding country behind his handsome little pony. His health was much benefitted by the outing.

Has Changed the Date.

"A Little Ray of Sunshine," a London play which was to appear in the Casino after "Black Sheep," has changed its date until later in the season, as the company opens at Wallack's Theatre in New York a week earlier than expected. Elmer E. Vance's Comedy Co. will be the next attraction after "A Black Sheep."

Team of Horses Stolen.

The police of this city were requested, early this morning, to be on the lookout for a pair of black horses, which were stolen from the barn of butcher Begardus, at Scotchtown, Monday night.

A later telephone message from Scotchtown stated that the horses had been found on the road several miles from their home.

Novel Suit Against a Railroad.

Relatives of William White, the flagman who was blown into the Hudson with his shanty during a fierce gale, last December, will sue the West Shore road for $10,000 on the ground that the accident would not have happened had a safe flag shanty been provided for him.

Meeting of Fire Department Representatives.

Only routine business was transacted at the meeting of the Board of Representatives of the Middletown Fire Department, Monday night. James B. Carson was elected a delegate to the State Firemen's convention.

Corwin Family Reunion.

The Corwin family reunion will be held at Ross Park, Binghamton, N. Y., on Aug. 23. All members of the Corwin family, of whom there are many in this section, are cordially invited to attend. Dinner will be served by "The Sunlight Rebeccas" in the park.

OBITUARY NOTES.

—Frederick M. Buckley, formerly of Liberty, died Monday morning at Paterson, where he had been employed as salesman in H. W. Mills & Co.'s hardware store. He was thirty-four years old and leaves a wife, but no children. Death was due to kidney disease, following an attack of diphtheria. The body will be taken to Liberty for burial.

HYMENEAL NOTES.

—The marriage of a deservedly popular clerk in one of North street's leading stores to a lady who lives "down East" is among the events of the near future.

GUERIN AN OUTLAW.

Warrant for Anti-Semitic League's President.

BARRICADED IN LEAGUE'S OFFICES.

Has Forfeited Citizen's Rights and Can Be Arrested at Any Time—His Garrison in Same Position—Three Arrests Made To-day.

BY ASSOCIATED PRESS.

PARIS Aug. 15.—A warrant for the arrest of M. Guerin, president of the Anti-Semitic League who with his sympathizers has been barricaded since Saturday in the offices of the league, has been placed in the hands of Magistrate Fabre.

Guerin is now regarded as an outlaw, in a state of rebellion, since his notification of the issue of warrant. He cannot claim the right of a citizen to exemption from arrest from sunset to sunrise and the persons garrisoning headquarters of the League, numbering about forty, are in the same position.

Strict orders have been given to arrest every one attempting to enter or leave the building. Three of Guerins friends, who attempted to leave the place, this morning, were arrested.

M. LABORI'S CONDITION.

His Physician Thinks He Is Out of Danger.

BY ASSOCIATED PRESS.

RENNES, Aug. 15, 2:15 p.m.—M. Labori is now going on so well that his doctor considers him out of danger. He lies on his back, unable to move, but life is returning to the leg which was thought yesterday to be paralyzed. He has no fever and continues to discuss the trial.

LILY LANGTRY MARRIED.

Wedded to a Baronet's Twenty-Three-Year Old Son.

BY ASSOCIATED PRESS.

LONDON, Aug. 15.—Mrs. Lily Langtry, the actress, was married, July 27th, on the Island of Jersey, to Hugo Gerald de Bathe twenty-three years of age, the eldest son of Sir Henry Percival Bathe, Bart. The ceremony was quite private.

FORMER MIDDLETOWNER KILLED

Peter Morris Dies from Stabs Inflicted by a Hungarian—Buried Here To-day.

The remains of Peter Morris, who died at his home in Franklin, N. J., on Sunday last, from the effects of wounds received in a stabbing affray which took place in that village, last Thursday, were brought to this city, to-day, for interment in St. Joseph's Cemetery. A delegation of friends accompanied the body.

Very little information could be obtained from the members of the party who were here to day, beyond the facts that the deceased, his brother Edward, and a man from Scranton, called "Landy Bob," were all badly knifed in an altercation with two Hungarians. The two latter men will recover from their wounds, but Peter's injuries were of such a nature that it was a marvel that he lived as long as he did, the wind pipe being almost severed.

The Hungarians escaped and are still at large.

Morris at one time boarded with J. J. Bryant at the Hotel Elberton in this city, and his mother and sisters lived on West Main street, the latter having been employed in the State Hospital.

MASTADON'S BONES FOUND.

Unearthed, Saturday, About a Mile West of Newburgh.

The remains of a mastodon were unearthed, Saturday, on the farm of Fred W. Schaefer, about one mile west of Newburgh. The bones that have been found thus far are in an excellent state of preservation and indicate that the specimen was one of the largest of its kind. Great care is being exercised in the further excavation for the balance of the remains. This is the eleventh discovery of the kind since 1794, the last one being found twenty years ago on the farm of Hugh Kelly, six miles west of Newburgh. In 1872, one was found in the town of Mount Hope, and is now in the museum at Yale College. One found at East Coldenham is in the Boston Museum.

Golf Club's Tea and Tournament.

The first of the series of teas to be given by the ladies of the Orange County Golf Club will be given at the club house, Saturday afternoon. A series of handicap tournaments will be begun on the links, that afternoon, at 2 o'clock.

Members of the club are privileged to invite non-members to the tea and tournament.

Going to Camp at Interlaken.

A large camping party, composed of Middletowners, Goshenites and Port Jervisites will start, Monday, for Interlaken, in Pike county, Pa., where they will spend two weeks. The necessary camp supplies are already being bought and other preparations for the outing made.

OFFICIAL CITY PAPER.

TUESDAY, AUG. 15, 1899.

Pike county Democrats held their primary election, Saturday, and although there were no contests of special importance, 1,200 Democrats showed their interest in party affairs by casting their ballots.

Although the strike of its printers gives the New York *Sun* "troubles of its own," it has lost none of its interest in Democratic politics and is as ready as ever to lay down for the Democracy the lines on which it should make the campaign of 1900.

Connecticut has a law which requires lights to be displayed on rubber-tired vehicles used on public streets at night. A similar law wouldn't be a bad thing in this State, for rubber-tired wagons run so noiselessly that if a light-footed horse is attached to one of them it approaches in such a ghostlike fashion as to give no warning of its coming.

Fish Culturist Cheney has made sure of his job as long as Roosevelt is Governor. He has just presented the Governor with a watch with a silver railroad check as a fob pendant, on which is engraved "New York Central and Pennsylvania Railroad to Washington, 1901." Which leads the Albany *Argus* to remark that Fist Culturist Cheney has not studied piscatorial habits, without knowing the kind of bait suckers like.

S. M. Jones, Cleveland's Socialist Mayor, is at the head of a corporation called the Brotherhood Company, which, with a capital of $100, proposes to engage in any trade or business for the co-operative production of wealth and to secure the equitable distribution of the products of industry. That "any trade or business" sounds a little like the omnibus clause in a trust's papers of incorporation, but that $100 capital disarms fear. A co-operative company capitalized in such a modest sum cannot be a very potent factor for either good or ill.

Elihu Root realizes that the only way in which he can make a record for himself as a War Secretary, is by ending the war in the Philippines, and he is determined that there shall be no lack of troops for aggressive campaigning. It has been decided to raise five additional volunteer regiments so that, if necessary, Gen. Otis's fighting force can be increased to 70,000 men. It is figured that to enlist, equip, transport and maintain a soldier in the Philippines for a year costs over $1,000, and with military operations on the scale now proposed, this year's treasury deficit is likely to reach gigantic proportions.

Drink Grain-o

after you have concluded that you ought not to drink coffee. It is not a medicine but doctors order it, because it is healthful, invigorating and appetizing. It is made from pure grains and has that rich seal brown color and tastes like the finest grades of coffee and costs about ¼ as much. Children like it and thrive on it because it is a genuine food drink containing nothing but nourishment. Ask your grocer for Grain-O, the new food drink. 15 and 25c.

A Frightened Horse's Plunge—Street Work.

Correspondence ARGUS and MERCURY.

—Last Friday afternoon while Wm. Beattie, who lives on the turnpike, was in this village for a load of coal his horse took fright and jumped down into the Erie turntable. Horse, wagon and all landed on the bottom and Mr. Beattie fell between the front feet of the animal, receiving a bad gash on the cheek. The horse and wagon were not injured and a bridge was built for the animal to come out on, which he did as if he had been trained for the occasion, landing on terra firma without a scratch.

—Now that the Mazet Committee has adjourned why would it not be a good idea to inquire into the reason why the Street Committee in this village only work three or four streets. Are the property owners on those streets the only ones who pay taxes?

TRAGEDY AT RENNES

Intense Excitement Over the Shooting of M. Labori.

THE WOUNDED MAN STILL LIVES.

The Trial of Dreyfus Proceeds Despite the Assassin's Outrageous Act—Casimir-Perier Confronts Mercier—A Cat and Dog Scene.

RENNES, Aug. 15.—The drama at Rennes grows tragical. This long becalmed city is being stirred into a more violent passion than Paris. The Parisians are laborous. The Bretons are silent and possessive by their belief or idea, whatever it may be.

The well nigh successful attempt made yesterday morning to kill M. Labori, who defended Zola last year and who came here to defend Dreyfus with Maitre Demange, has caused intense feeling. The would be assassin was evidently a crank and looked a workman. His weapon was a revolver, the theater of the crime the Quay Richemont. It was while Labori was going to the court with Colonel Picquart and his cousin, M. Gest.

When Mme. Labori came up, she was sent to fetch a doctor, but not knowing the town she lost a good deal of time. At last she thought of going to the court and asking there for a military surgeon. Drs. Vidal and Recius were at hand and at once accompanied her. They had the presence of mind to send gendarmes to the barracks for an ambulance, with a stretcher and bearers.

With deep thankfulness they found that M. Labori could move his limbs at will. The spine, therefore, was not injured. The ball had entered at the sixth vertebra, behind the thorax. It might be embedded in the muscle of the back or have penetrated deeper, injuring the lungs.

Colonel Picquart describes the would be murderer as swarthy and thick set, resolute and intelligent looking. He thinks the man might be a southron. If so, he must have known the country around Rennes. It is a country of small, patchy fields, separated by hedges, which he was evidently familiar with. Apparently he knew places in the thicket into which he could dive and in doing so remain concealed for some time from a pursuer. The gendarmes that Colonel Picquart met joined in the pursuit, but fleet running and knowledge of the locality enabled the would be murderer to escape.

Maitre Labori is young, fair, handsome and full of lusty life and high spirits. His talents as a speaker are not of the highest order, but no other member of the Paris bar knows better how to use law to defeat its object. He can drive a motor car through the code. Until he pleaded for Zola his luck was uninterrupted. He then had an attack of typhoid fever, which greatly weakened him and forced him to neglect business. The Zola affair was a great advertisement, but it brought him no direct profit and created for him endless enemies. He refused the handsome fee the novelist offered, nor does he accept pecuniary reward from Dreyfus.

Labori is proud of his wife's beauty. She is equally proud of his good looks and forensic talents and loses no opportunity to hear him plead. She is an Australian, received as a pianist her musical education in London, became a player at concerts, made the acquaintance of the deformed but highly gifted Russian pianist Pachmann, married him, had two children and then fell in love with Labori. The passion was mutual. She and Pachmann were divorced, and then she married Labori. The children live with her and find a devoted stepfather in him.

The sitting was adjourned for a short time to enable Maitre Demange to inquire after Labori's condition.

The court then entered. Colonel Jouaust, the president of the tribunal, alluding to some manifestation of opinion last Saturday in the press tribune, threatened to clear it if either approval or disapproval of any witness was expressed there.

He then ordered the confrontation of M. Casimir-Perier and General Mercier. These witnesses were more cat and dog than before. Casimir-Perier seemed like one of those fussy mongrels that one sees on the box of French peasants' market carts. The dog sits beside the driver, looking intently forward and ready to pick a quarrel with no matter whom. He seems to think he runs the whole concern.

Cosimir-Perier spoke of himself only—of what he did and said when president. He often snubbed Mercier verbally and by almost turning his back upon him. He had little to say of the Dreyfus affair.

General Mercier paid him back in scratches that almost drew blood.

General Billot sat while making his long deposition. He still believes Dreyfus guilty, but gave no strong reason. He said that Colonel Picquart systematically, as head of the intelligence department, kept back all new facts unfavorable to Dreyfus and stifled inquiry.

The following bulletin regarding the condition of Maitre Labori was issued at 10 o'clock.

"Temperature, 37.05. No fever. Condition stationary."

There has been, therefore, a slight improvement during the last few hours.

M. Labori's mother arrived here last evening. She had believed him dead, and a most affecting interview ensued.

Later M. Labori received M. Dreyfus, brother of Captain Dreyfus. There is some talk of M. Albert Clemenceau as a substitute for Labori. The question, however, will be definitely decided today. M. Clemenceau was one of Zola's counsel at his trial and has followed the Dreyfus affair very closely. While he lacks the magnetic influence of Labori in pleading, he is extremely skillful in cross examination.

THE SHOOTING IN PARIS.

The Press of the French Capital Condemns the Murderous Act.

PARIS, Aug. 15.—The Paris papers without distinction express indignation at the outrage of which Maitre Labori is the victim. The Temps deplores the "state of disorder into which the Dreyfus affair has dragged the country" and says it is "high time for us to stand up and be ourselves again."

Continuing its review of the situation, the Temps observes:

"M. Casimir-Perier testified to his wishes for a reconciliation, and we now see how far from it we are. Perhaps this pistol shot marks the culmination of the crisis and will restore us to the path of good sense."

The Liberte, which holds the government responsible as the "apostle of the anarchy that has existed for the last two years and that has sown broadcast the seeds of civil war," says:

"The outrage is only an incident in the era of catastrophes toward which the country is rushing."

The Journal des Debats says:

"The revolver shot is bound to be the end, and one fine morning it will be followed by the horrors of civil war if violence, hate, contempt for justice and law and all the fanatical, anarchic and homicidal passions continue to poison the air we breathe."

The Libre Parole, which attacks the government, says:

"Today we have only assassins. Tomorrow it will be civil war."

The Figaro says:

"In all the long series of crimes on the pages of our history this is the first time when assassination has struck down an advocate, and that, too, at the very hour when preparing to plead in defense of his client, to establish truth and to confound accusers."

A DAY OF PLEASURE.

The President and Party Enjoy a Long Sail on the Elfrida.

PLATTSBURG, N. Y., Aug. 15.—A committee, consisting of John S. Wise, chairman; George W. Brush, Hugh Bonner, Charles W. Dayton and Henry Clews, have arrived here to invite President McKinley and Vice President Hobart to attend the reception to Admiral George Dewey in New York about Oct. 1.

The president and Mrs. McKinley, Vice President and Mrs. Hobart, Private Secretary Cortelyou, Chief Clerk Foster and others left Bluff Point wharf yesterday morning at 11 o'clock on the Elfrida. They did not return to the Hotel Champlain until 5:30 last evening. The party had luncheon on board the yacht, and as the day was a charming one the long ride on the lake was much enjoyed.

This morning the president visited the summer school grounds, and in the evening Secretary of State Hay will arrive here for a conference with the president.

Governor Roosevelt's Tour.

NEW YORK, Aug. 15.—Judge A. S. Sewell, who was recently appointed to the supreme court from Delaware county, visited Governor Roosevelt at Oyster Bay, on Long Island, yesterday. This was practically the last day the governor will spend at Oyster Bay for some time. He leaves, with Mrs. Roosevelt, on the 11:15 train today and will go to the borough of Manhattan. He will lunch at the Union League club. Afterward he will take the 2:55 train for Yonkers, and on arriving there will address the firemen's convention. He will then return to New York and remain in Manhattan overnight. Tomorrow morning he will go to Olcott, Niagara county, to address the county fair there. For Thursday the plans are unfinished. On Friday he will be at Silver Lake as the guest of Senator Humphrey. While there he will make an address before the Silver Lake assembly. Saturday he will be at Chautauqua, and from there he will go to Plattsburg. He is expected to spend two or perhaps three days there. Meanwhile he will address the Catholic Summer school, which is not far from the hotel grounds at which President McKinley is staying. Mrs. Roosevelt will accompany her husband on all the tour except the trip to Yonkers.

Monthly Trade Statement.

WASHINGTON, Aug. 15.—The monthly statement of the imports and exports of the United States issued by the treasury bureau of statistics shows that during the month of July the imports of merchandise amounted to $59,925,178, of which nearly $26,000,000 was free of duty. The increase as compared with July, 1898, was about $9,000,000. The exports of domestic merchandise during July amounted to $92,958,468, an increase of over $20,000,000. During the seven months of the last calendar year the dutiable imports of merchandise exceeded those of the corresponding period in 1898 by nearly $33,000,000, and the domestic exports were nearly $8,000,000 less than for the corresponding months in 1898.

Cuban Aid For Revolutionists.

SANTIAGO, Cuba, Aug. 15.—The military authorities here have almost positive evidence that the Santo Domingo revolutionists, through their agents, are organizing expeditions in this province. Some expeditions, it is confidently asserted, have already left with a large amount of military supplies. General Maximo Gomez is reported to be directing the organization of the filibusters. Representatives of General Juan Isidro Jimenez are now in the Holguin district, where he is understood to be recruiting men. General Leonard Wood, the military governor, has sent the gunboat Barracoa, formerly Spanish, and an armed tug to patrol the north coast.

Fire In Berea, O.

CLEVELAND, Aug. 15.—A fire which started about noon yesterday destroyed a large part of the business section of Berea, a village 14 miles southwest of this city. Twenty-one business places were burned. They were mainly two story frame structures. The fire started from an explosion of gasoline in a bicycle repair shop, and as a high wind was blowing the flames spread with great rapidity. An engine was taken from this city on a special train, and the fire was got under control about 4 o'clock. The loss will be about $100,000, with no insurance.

Damage by the Texas Floods.

WASHINGTON, Aug. 15.—Mr. E. S. Holmes Jr., an expert of the statistical bureau of the department of agriculture, has just completed a report to Chief Statistician Hyde of that department, embodying the results of a tour of the flood devastated region of Texas and making a careful estimate of the damage done, the aggregate of which he places at $7,414,000.

General Weyler's Position.

MADRID, Aug. 15. General Weyler has denied the report that he is a republican, but he thinks federalism is theoretically acceptable. He also says he would be an absolutist if a king worthy of the name existed. Premier Silvela announces that measures for the liberation of the Spanish prisoners in the Philippines are proceeding, though no result has been obtained.

President Diaz Will Attend.

CHICAGO, Aug. 15. President Porfirio Diaz will be a guest of Chicago during the fall festival and the exercises attending the laying of the cornerstone of the new federal building Oct. 9. This information was conveyed to Richard S. Lyon, president of the board of trade, in a letter received from the Mexican capital yesterday.

Killed By Tire Explosion.

MUNCIE, Ind., Aug. 15.—Emile Swarbeau was riding a bicycle on the street yesterday morning, when the pneumatic tire on the rear wheel exploded, throwing the rider several feet into the air. He was dashed to the sidewalk and rendered unconscious. A physician was summoned, and the rider was found to be in a dying condition. The report of the explosion was heard for a great distance.

President Schurman Returns.

SAN FRANCISCO, Aug. 15.—The steamer China, from Yokohama and Honolulu, has arrived. Among the passengers was Dr. J. G. Schurman of the Philippine Island commission, president of Cornell university. Mrs. Schurman accompanied him, and the party includes Mrs. George Munroe, who is Mrs. Schurman's mother, and Miss E. Bush.

St. Paul Sails For Manila.

SAN FRANCISCO, Aug. 15.—The United States transport St. Paul has sailed from this port, with Manila as her destination. The St. Paul proceeds first, with recruits for the Third cavalry, to Seattle, where the main portion of the regiment is to be taken aboard. From there the transport will go to Dutch Harbor and thence to Nagasaki.

Drowned While Bathing.

WEBSTER, Mass., Aug. 15.—Word has been received here from Dudley that Theodore A. Penney, assistant principal at Nicholas academy, was drowned in Craven's pond while bathing. He was about 32 years of age, a graduate of Amherst college and had been teaching here about two years. The body was recovered.

Soak the hands thoroughly, on retiring, in a HOT lather of CUTICURA SOAP, the most effective skin purifying soap, as well as purest and sweetest for toilet, bath, and nursery. Dry, anoint freely with CUTICURA Ointment, the great skin cure and purest of emollients. Wear old gloves during night. For sore hands, itching, burning palms and painful finger ends, this one night treatment is wonderful.

AID FOR PORTO RICO

Secretary Root Appeals to Governors For Help.

SWIFT STEAMERS TO CARRY SUPPLIES

Ex-Secretary Alger Contributes Liberally—The Transport McPherson Leaves New York, Laden With Food and Clothing.

WASHINGTON, Aug. 15.—The secretary of war has issued the following appeal to governors of states for aid for the storm sufferers in Porto Rico:

"Sir—I inclose herewith copies of two telegraphic dispatches received from the governor general of Porto Rico, by which it appears that the devastation wrought by the recent hurricane in that island is even greater than was at first supposed. It is evident that a great multitude of people, rendered utterly destitute by this awful calamity, must be fed and cared for during a considerable period until they can have the opportunity to produce food for themselves. Enormous quantities of supplies of the kinds indicated by the governor general must be procured.

"The magnitude of the work to be accomplished leads this department to supplement the appeal already made to the mayors of the principal cities of the country by a more general appeal, and I beg you to ask the people of your state to contribute generously to the relief of the people of Porto Rico.

"Swift steamers have been provided to leave the port of New York to carry the supplies directly to Porto Rico as rapidly as they can be collected.

"Contributions should be either in supplies of the character indicated or in money in order that the supplies can be purchased. The supplies should be sent to Colonel F. B. Jones, Army building, foot of Whitehall street, New York city, in packages plainly marked 'Porto Rican relief,' and he should be consulted as to time of shipment. Money should be sent to the National Bank of North America, New York city, which has been designated as a depository for the relief fund."

Acting Secretary of the Navy Allen has written Secretary Root that the navy desired to co-operate in every way it could in rendering assistance to the storm stricken people of Porto Rico and tendering a warship to be placed at the disposal of the war department if it was desired to convey supplies to the island. The offer doubtless will be accepted, as every available means is being adopted to hurry along the great stock of supplies which is imperatively needed. Mr. Allen is in telegraphic communication with several naval stations with a view to having a ship ready as soon as the war department wants it.

Secretary Root received the following dispatch from ex-Secretary Alger at Grand Mere, Quebec:

"I forward you today $100 for Porto Rico relief fund."

Secretary Root replied:

"Thanks for your generous contribution Porto Rican relief. I trust you are rapidly regaining your health."

Aid For Porto Ricans.

NEW YORK, Aug. 15.—The transport McPherson, with its cargo of supplies for the flood sufferers of Porto Rico, left her pier at the foot of Pacific street, borough of Brooklyn, at 4:30 o'clock yesterday afternoon. About two-thirds of the original cargo of army supplies were left behind to make room for the quantities of rice, beans, grain, clothing, lumber, etc., required for the immediate necessity of the sufferers. Up to within a quarter of an hour of sailing voluntary donations kept piling in.

Columbia Wins Again.

NEWPORT, R. I., Aug. 15.—The new cup defender Columbia added another victory to her already splendid record yesterday by defeating Defender, champion of 1895, 13 minutes 7 seconds over a 38 mile course, and the slippery little Amorita defeated Colonia, Quisetta and Ariel in the schooner class, finishing 12 seconds ahead of Colonia, which was the second boat, and winning the race by 1 minute 14 seconds, corrected time. These races, which brought together the fastest sloops and schooners on this side of the water at least, were given in conjunction with the cruise of the New York Yacht club, and nearly all the steam and sailing vessels which comprise the squadron taking part in the cruise were outside Brenton's Reef lightship to witness the sport. The prizes were two magnificent cups, valued at $500 and $1,000 each, for the sloop and schooner classes respectively, which were offered by Colonel John Jacob Astor.

Garment Workers Meet.

PHILADELPHIA, Aug. 15.—The annual convention of the United Garment Workers of America has begun here and will continue about a week. There are 50 delegates in attendance from 30 cities in the United States and Canada, representing 140 local branches, with a membership of 20,000. The delegates include 15 women, who will look after the particular claims of the female workers in overall factories. According to Secretary Henry White, the great fight is against the sweatshop system, which the workers are endeavoring to have supplanted by direct employment. The convention will endeavor to adopt a uniform wage scale.

The Dewey Fund.

WASHINGTON, Aug. 15.—The contributions to the Dewey home so far amount to $18,350. Encouraging reports are arriving at the department from several cities where popular subscriptions have been opened, and it is expected that the fund will be materially increased before the admiral's arrival.

"A good thick coat of paint" is an erroneous expression. It should read "a good thin coat of paint," for paint should not be plastered upon a building but spread on it with a brush and well brushed out. This *worst* work of the painter makes him tired, but if he is conscientious and does his work carefully and thoroughly, he will use less paint with a much better result than the careless man who takes no interest in results.

Employ a good painter and pay him a fair price for his work. Have thin coats of Pure Linseed Oil Paint applied to a dry surface and have them well brushed out.

The cheapest paint and the best paint that ever was used on a house is the CHILTON.

If your dealer will not furnish it, write direct to the CHILTON MANUFACTURING CO., 60 Cortland street, New York city, for color cards and prices.

THE NEW YORK WORLD
THRICE-A-WEEK EDITION.

Practically a Daily at the Price of a Weekly.

The striking and important event of the last year have established the overwhelming value of *The Thrice-a-Week World* to every reader. For an almost nominal sum it has kept its subscribers informed of the progress of all our wars, and, moreover, has reported them as promptly and fully as if it were a daily. With our interests still extending throughout the world, with our troops operating in the Philippines, and the great Presidential campaign, too, at hand, its value is further increased.

The motto of *The Thrice-a-Week World* is improvement. It strives each year to be better than it was the year before and public confidence in it is shown by the fact that it now circulates more than twice as many papers every week as any other newspaper, not a daily, published in America.

We offer this unequaled newspaper and THE MERCURY together one year for $2.

The regular subscription price of the two papers is $2.50.

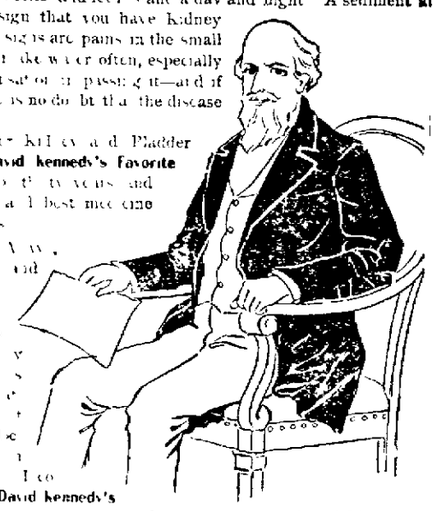
How to Prolong Life

No man or woman can hope to live long if the Kidneys, Bladder, or Urinary Organs are diseased. Disorders of this kind should never be neglected. Don't delay in the slightest degree. You can tell as well as a physician. Put some urine in a glass or bottle and let stand a day and night. A sediment at the bottom is a sure sign that you have kidney disease. Other certain signs are pains in the small of the back, a desire to pass water often, especially at night—a scalding sensation in passing it—and if there's a short time it is no doubt that the disease is present.



The best cure for Kidney and Bladder Diseases is Dr. David Kennedy's Favorite Remedy. It has been for thirty years and is today the greatest and best medicine known for these troubles.

Mr. W. W. [illegible], corner Jefferson and Clifton streets, Kalamazoo, Mich., says—

"Three years ago I was taken with kidney trouble. I was very badly run down, I was completely worn out, I was a mere wreck. Several days was spent in the doctors to perform [illegible] and [illegible] Dr. David Kennedy's Favorite Remedy, and I was entirely cured and I have had good health ever since. My wife, it has relieved and I never was so well as I am. Dr. David Kennedy's Favorite Remedy saved my life."

Favorite Remedy acts directly upon the Kidneys, Liver and Blood. In cases of Nervousness, Insomnia, Rheumatism, Ulcers, Old Sores, Loss of Flesh, Wasting, Blood Poisoning, Boils, Pimples, Dandruff, Itching Humors, Scrofula, Eczema, Tetter, Ringworm, Old Chronic Ulcers, Open Sores, Hip Joint Disease, Fever Sores, Ulcers, Boils, Felons, Carbuncles, all Skin Eruptions, Best Pile Ointment in the world. Only 25 cents a box. Be guaranteed. Sold by J. J. Hallahan, druggist.

SHOTS HERE AND THERE.

"We'll be mighty glad when they get the trolley track fixed on West Main street so that cars can again run through our street," said a James street business man, Monday evening. "It's lonesome without them. I don't know that the cars bring much business to the street, but they liven it up and make it look as if business was going on and I've noticed that business comes to streets and places where it looks as if business was booming."

Speaking of the trolley, have it ever occurred to you that it is doing a great temperance work. If you don't believe it ask the average saloon keeper and he'll tell you that the nickels of the young fellows about town instead of finding their way into his till, are spent in paying fares between this city and Midway Park. The trolley road has often been charged with being responsible for a great deal of Sunday desecration and, of late some people have taken to asserting that it is responsible for several other things that ought not to be, but which probably would be if there wasn't a trolley road on the face of the earth, but it is only fair to credit the road with the good it is doing (in a purely unintentional way) for the cause of temperance.

If you travel on the cars in the evening, when the tide of travel sets Midway Parkwards you cannot but notice that a very large part of the young women are without escorts. They go in pairs or in larger groups and each one pays her own fare. At the park they usually meet male acquaintances with whom they saunter about or with whom they sit during the vaudeville performance, but when it comes time to go home a good many of those fellows drop the girls and leave them to go home alone. It is not so in all cases, for some girls are lucky enough to only have to pay fare one way, but the fact remains that the young men who frequent the park don't spend much money for the transportation of the young women without whose presence the park would be dead slow.

Going to Midway Park at night has become a habit with a good many people. There is no getting away from the fact even if you cannot understand its why and wherefore, and you can't do that unless you put yourself in the place of and get the point of view of the victim of the habit. Taking the same ride, seeing the same performances, and mingling with the same crowd night after night doesn't seem very interesting but it is something to do and even a monotonous shelter is an absolute stagnation. Those who have succumbed to the Midway Park habit make apparently no effort to break from its thralldom, instead they give themselves up to it without let or hindrance.

A friend of mine, an easy going horse keeper who don't think it worth while to impose any scary restrictions on the kitchen lady, told me the other day that the stove and kitchen lady boarded that she had only missed two nights at Midway Park since the season opened. One of the nights it rained cats and dogs and on the other the girl's cat had a picnic at Memorial Park. On one occasion when I ran right on some minor scrimmage that it was necessary to arrange in the dozen arrangements and the go instead of getting out at 7 o'clock as usual we took a walk at noon until nearly 10 o'clock, she made a little trip to the park. It wasn't a thing that satisfactory to me, but it satisfied her in a way and she'd probably slept better that night because she had satisfied herself that the Park show wasn't so well as it still there.

Farmers from the north and east of the city who bring milk to the consumers will not be sorry when the West Main street paving is completed. They now have to drive to Fulton street and up the Canal street hill which takes a good deal more time than the old way of driving down West Main street at a knock speed and swinging with a flourish into Canal street. It may come to some people, who see farmers loitering about the streets for hours after delivering their milk, that the saving of time is not a matter of much importance to them at this season of the year but even if the farmer isn't rushed he don't want to waste his time doubling around blockaded streets.

The city boarders were very much in evidence about town Monday afternoon and evening. Several large parties drove to town in the evening and they were in no hurry to leave and at 11 o'clock one of these parties made up of young men and young women stood on a street corner earnestly discussing the all important question how they should get for the ride home. Apparently the matter would have been a simple one and easy of adjustment had it not been for a hatchet faced young woman with a voice which suggested the filing of a cross cut saw who kept saying over and over again, I'm not going to ride with him. The objectionable "him" never peeped but there was a person who heard the woman that wouldn't have patted him on the back if he had mustered up courage to do it. I'm not going to ride with him.

Forgeries Discovered In Time to Prevent Loss.

OUR RULE IN PORTO RICO CRITICISED

Havana Paper Thinks the Late Hurricane a Judgment of God Upon the American People For Their Mismanagement.

HAVANA, Aug. 17.—The local papers have been publishing rumors regarding heavy forgeries, the amount involved varying from $4,000 to $40,000. General Adna R. Chaffee, chief of the governor general's staff, denies the reports as printed but admits that a fraudulent request was made for $4,000 for the presidio. Lieutenant Colonel Montalvo, the administrator of the presidio, when interrogated with reference to the matter, replied that he knew nothing of it. Senor Desvernine, secretary of finance, received an anonymous letter telling him that attempts were being made to rob the treasury. This aroused suspicion and resulted in the discovery of a bogus draft which was not cashed. The perpetrators of the fraud have not been discovered.

A good deal of comment has been caused by an editorial in El Diario de la Marina regarding the Porto Rican administration. This runs in part as follows:

Prior to the hoisting of the American flag in Porto Rico that island was the most prosperous in the West Indies. Now all is changed and seriously disturbed by the radical and sudden modifications in the local customs. Porto Rico is refused a political organization by her new masters. She is not allowed even the autonomy that existed under the old regime. The cyclone that has devastated the island is a result of the just wrath of God toward the American occupation.

Congressman R. B. Hawley of Texas has for several weeks been busily studying the affairs of the island, putting considerable time in Havana and visiting other points. He will remain some time longer. He expresses himself as having definite views regarding the solution of the Cuban problem but is loath to formulate them for publication preferring to await the reassembling of congress.

The appointment of Senor Alberto Ortiz as associate justice of the Matanzas audiencia has been revoked at the request of numerous citizens. Yesterday a number of the residents of the city visited General Brooke and represented that for a variety of reasons which they set forth the appointment was not desirable. Senor Linuzy, secretary of justice, agreed that in view of information which has come to him during the last few days it would be better to revoke the appointment. Regarding other appointments General Brooke has refused to interfere until all complaints have been thoroughly sifted.

Alexandro Rodriguez, formerly of the staff of General Gomez, has been appointed assistant treasurer general of Cuba.

In the municipal junta in the province of Puerto Principe there are 3,000 children without any educational facilities.

A Quadruple Shooting

MIDDLEBURY, Vt., Aug. 15.—A man named Eastwood hired a team of a liveryman here last evening and went to East Middlebury, the home of his wife, who lived with her mother there, and shot his wife and her mother, killing both. He then rapidly drove back to this town, went to the home of Frank Penn, who drives a team for Marshall & Co., and deliberately shot him through the heart. He then fired at the murderer's wife but did not kill her, the bullet grazing her head. He proceeded to the home of E. D. Brown, brother of his wife, whom he had just shot at East Middlebury, and tried to find Mr. Brown, evidently with the intention of shooting him. Eastwood has not been seen or heard from since.

Settlement of Strike Likely

WILKESBARRE, Pa., Aug. 15.—It is reported that the big strike at Nanticoke may be settled before many days. The 3,800 miners who are out on strike are getting restless and many of them are anxious to return to work. The Susquehanna Coal company is also overwhelmed with orders for coal, and every day the mines are idle is a big loss. It is said both sides will make concessions and that an amicable agreement may be reached sooner than expected. The miners at the Babylon colliery, Duryea, who have been out on strike for two weeks, returned to work yesterday, the company having granted some concessions of a minor character.

Business Men Oppose Lawlessness

CLEVELAND, Aug. 15.—The business men's anti-boycott committee, which was appointed as a result of the meeting held the other day, met yesterday afternoon and decided to hire lawyers to prosecute merchants and others who violate the civil rights law in compliance with the demands of the boycotters. They also agreed to employ detectives to hunt down and arrest dynamiters who have been placing explosives under street cars. The business men have pledged a fund of $10,000 to meet the expense of the crusade against the violators of the law.

The Cuban Census

WASHINGTON, Aug. 15.—It is stated at the war department in order to prevent any misunderstanding that the census of Cuba will be handled from Washington through Mr. Olmsted, the expert who will be the director in Cuba. The war department officials think that this course is preferable as it will avoid any confusion that might arise over the impression that the census was an affair separate from the war department.

FILIPINOS PUNISHED.

Five Hundred Insurgents Under General Pio del Pilar Routed.

MANILA, Aug. 15.—A force of United States troops from Quingua, four miles northeast of Malolos, and from Baliuag, near Bustos, about six miles northeast of Quingua, encountered a body of insurgents, estimated at about 500, half way between Bustos and Quingua. In the engagement that ensued the Filipinos were severely punished and scattered.

The Americans lost one man, who was killed.

The insurgent force is believed to have been under the command of General Pio del Pilar and to have had in view breaking up the railway at Bocave and Bigaa about three miles northeast of Baliuag.

A battalion of the Twenty-first infantry will be sent to those points to strengthen the railroad guard and to reconnoiter the country in the direction of Norzagaray and on the Bustos road.

General Wheaton with the troops at Calulut, made a reconnoissance on Angeles, about four miles to the northwest, where he found 500 of the enemy. He silenced their fire and then removed to Calulut.

SPRINGFIELD, Ills., Aug. 15.—Mrs. Frances J. Wallace, only remaining sister of Mrs. Abraham Lincoln, died here yesterday, aged 82 years. Two sons, William and Edward, and one daughter, Mrs. Mary Wallace Baker, wife of Major John I. Baker of the regular army, survive her.

Poor, helpless, hopeless sick suffering miserable woman. Sick because she doesn't know any better. Sick because she doesn't really know why. Sick because the organs that make her a woman are not properly performing their functions and so are sending nerve messages with aches and pains and distress all over her quivering body.

Nine tenths of women's sickness comes from disorder of these special organs. The symptoms are various—the cause the same. Headache, backache, nervousness, wakefulness, neuralgia and fifty other troubles of women may nearly always be traced directly to feminine weakness or disease. When the most important organism of a woman's body is disordered her whole physical and mental system is upset. The only way to find comfort is to cure the real cause of the misery. Local doctors in general practice are frequently so hurried and rushed that they treat the symptom and not the disease. They give a woman medicine for headache when the headache is due to the reflex action of the uterine nerves. They may give her good medicine but for the wrong disease. Thousands of women after years of discouragement, have written to Dr. R. V. Pierce of Buffalo, N. Y., and now thank him for their renewed health and happiness. For over thirty years Dr. Pierce has been chief consulting physician at the Invalids' Hotel and Surgical Institute. It was over thirty years ago that he began to use his "Favorite Prescription" in his practice.

It is a medicine devised to cure one certain kind of diseases—female diseases. It brings ease and comfort and sleep. It restores perfect health. It fills out sunken cheek hollows, brightens the eyes, puts vim and snap into the whole body. It is sold by most dealers in medicine. Don't take anything else. Nothing else is "the same"—nothing else is "as good." Get what you ask for. Patronize honest dealers.

Ideal Treatment for Rheumatism.

The "Mystic Cure" for Rheumatism removes at once the Rheumatic Poison from the system and the disease immediately disappears, whilst the "*Mystic Life Renewer*" builds up the shattered nervous system, improves the digestion and restores the general health. It is the greatest cure for all Nervous Diseases and Weaknesses, as well as the *most Powerful Nerve Builder* known. Sold by J. E. Mills, druggist, 4 Empire Block, North street, Middletown.

SOME RASH PROMISES.

A French artist, Gericauld, was determined to allow no distraction to interfere with the painting of his great picture, "The Wreck of the Medusa." He had his head shaved and vowed that he would never allow his hair to grow until his work was done This vow he religiously kept, in spite of strong temptation to break it, and the reward of his heroism was the most perfect painting of his life.

A story is told of a young man in England, a great chess enthusiast, who was so annoyed at his failure to solve an apparently simple problem that he vowed he would neither sleep nor eat until the solution was found He shut himself up in a disused room and was found four days later by his relatives terribly emaciated and out of mind. He spent a year in a lunatic asylum as the result of his rash vow, and the problem remains unsolved

It was for a very curious reason that an old lady, who died a few years ago, condemned herself to more than 30 years' confinement to her house She had married a widower, as miserly as he was unromantic, and he insisted that his second wife should wear the clothes left behind her by his first wife. The wife was as mutinous as the husband was resolute, and she determined that until she could have her own clothes she would never leave the house, a vow she kept until her death

Woman appears to be at the root of many eccentric vows; for it was a hatred of the sex that impelled a once well known lawyer to swear that he would never speak to a woman again as long as he lived Nothing would induce him to see a lady client, and he would never conduct a case in which a woman appeared as a witness He never employed a female servant, and deliberately "cut" all his lady acquaintances The inevitable result was that the men deserted him, his practice dwindled, and he died, less than a year ago, alone in a squalid room

TERMS USED BY MINERS.

Petering—The driving out of an ore body.

Flume—Boxing or piping for conveying water

Free Gold—Gold easily separated from the quartz or dirt

Pan or Panning—Usually to wash the dirt from the free gold with a pan

Dump—The place where ore is deposited after being taken from the mine.

Chute—An incline or opening from one level to another, through which ore is passed.

Stoping—Breaking ore from a stope or section of ground in a mine; between or above levels.

Cage—The elevator used for hoisting or lowering the ore cars, men and materials of a mine.

Porphyry—A barren rock, stratified reddish, purple or green rock, in which crystals are imbedded.

Dead Work—Work of putting a mine in order, and driving shafts and levels in search of "pay," or to open up a mine

Reducing—Separating from foreign substances, the reduction of ore consists in extricating them from the metals they contain

Tailings—The auriferous earth that has been washed and deprived of the greater portion of the gold it contained; the sulphurets and slimes that escape from the mills.

THINGS THAT WOMEN DO.

On her wedding day a San Francisco girl jilted her intended and eloped with his brother.

A girl in Cleveland has married a pickpocket to reform him. And she is supposed to have ordinary intelligence, too

A Steelville (Mo) bride, before she would consent to being married, demanded that the husband-to-be embrace her religion, therefore the rite of baptism preceded the marriage ceremony.

How penurious some men are. A young widow of Sedalia and an aged and wealthy farmer from Camden county met in Versailles recently bent on matrimony. The groom's attire did not suit the widow and she demanded $100 with which to supply him with a suitable outfit, but he rebelled, and the wedding was declared off.

ELECTRICAL NOTES.

Berlin is telephonically connected with 415 other cities.

The City of Mexico is now lighted by 600 arc lights, most of which are of 2,000-candle power

Electricty has supplanted steam on the railroad from Milan to Monza, the oldest railroad in Italy, opened for traffic in 1840 Storage batteries are used, the electricity being obtained from the turbines on the Adda at Paderno

Tyndall's plan for purifying water by means of electric currents has been tried successfully in the Burges canal, in Belgium. After being subjected to a current of 1,000 volts, the water became pure and palatable.

A NEW ERA COMING.

The Introduction of Motor Power Will Necessitate the Making of Better Roads.

The propelling power of the future, in rural districts as well as in the cities, will be electricity and compressed air. The horseless age is almost upon us Great factories are now preparing to turn out motor vehicles by the thousands and hundreds of thousands, and there is little doubt that only a few years will elapse before they will be in general use throughout the country Not only will motor and compressed air vehicles be used for pleasure conveyance but they will be used for doing the work of the farm and conveying the products to the markets and shipping points

The use of this kind of vehicles will necessitate the making of better roads They will prove an inestimable boon to the farmer Their advent into general use means a new era for him They will do away with much of the drudgery of farm life and add in numerous ways to its pleasure and profit. They will greatly lessen the cost of transporting to market his products thus enabling him to realize more for his labor even at the same prices The care and expense of keeping work animals will be a thing of the past But unless the people of the country bestir themselves for better roads the cities will enjoy these luxuries for a generation before they can be made practical in the rural districts—The State's Duty

Not Hoarded.

Warwick—True, there has been an enormous increase in the amount of money in circulation in the country in the last two years, but I don't see how you are going to make out that the Klondike is responsible for it Fifty thousand men, indeed, went there, but all the gold they've found yet fails to account for the increase in our circulating medium

Wickwire—Yes, but all the money they had before going there is in circulation —Brooklyn Life.

Fairy Story

Once upon a time a woman trimmed her own bonnets, and in consequence of this her husband became enormously wealthy.

"I owe all I have to you," said the man to his wife one day. "I will accordingly pay you seven per cent. interest on my entire fortune!"

But the woman wouldn't take a cent

If anything further be needed to make a fairy story of this, let it be said that they lived happily ever after —Detroit Journal

She Knew

"Ah," he cried, kneeling at her feet "say you will marry me, and I will be your devoted slave for life"

Arise, Henry," she answered, "you will not do That was what my first husband said, and before we had got fairly out of the church he began telling me how he wanted me to wear my hair"—Cincinnati Inquirer
